**Answer**

THE MINISTER OF STATE IN THE  
MINISTRY OF ROAD TRANSPORT AND HIGHWAYS

(SHRI PON. RADHAKRISHNAN)

(a) Toll Plazas are set up as per applicable fee rules and provisions of the concession agreement. The broad criteria for establishing fee plaza are as under:

- (i) Availability of land
- (ii) Availability of sufficient long line of sight for acceleration and deceleration zone.
- (iii) Municipal limit/Town area limit from the fee plaza being established.
- (iv) Location of bypass from the fee plaza being established.
- (v) Location of major diversions on the National Highways.
- (vi) State boundaries and other check posts.
- (vii) Existence of a fee plaza on the section of NH and length of new section to be tolled is below 60 kms.
- (viii) Optimization of revenue potential.
- (ix) To make the project viable, two fee plazas are established in a project section of NH within 60 kms distance.
- (x) The development work of the NH is considered as per requirements. Therefore, two adjoining sections constructed at different time in separate contracts having length of less than 60 kms may have the fee plazas within 60 kms.

(b) User fee is levied and collected as per applicable fee rule and provision of the concession agreement.

(c) As per the National Highways Fee (Determination of Rates and Collection) Rules, 2008 the minimum distance between two toll plazas is 60 km subject to provision in the applicable fee rules, Concession Agreement and factors given at (a) above.

(d) No, Madam.

(e) Does not arise.
